

Operation Round Up for a Good Cause

Oahe Electric has a program that benefits our local community and it is all thanks to Oahe Electric consumers donations from their electric bills. It is called Operation Round Up® and it “rounds up” your bill. The concept is rather simple. Each month when electric bills are prepared, statements are rounded up to the nearest whole dollar. The difference between the billing and the actual cost of consumed electricity for the month is placed into a fund.

For example, if your electric bill was \$100.35, you would pay \$101 with \$0.65 going to Operation Round Up®. The maximum any customer can contribute in a year is \$11.88 (\$0.99 times 12 months). This money is then disbursed for charitable and educational purposes. Your community, your school and your nonprofit organization may be eligible to receive these funds! That’s one of the great things about it; the money stays local! Together we can make a difference!

You are already automatically enrolled in Operation Round Up ®. If you decide that you do not wish to participate in this program that will benefit your community, please fill out the form to the right and send it in at your earliest convenience.

Form to Opt Out of Operation Round Up®
